Step tank specs.

Doesn't matter, hill side, flat or whatever terrain. Same step tank set up. 1500 gallon concrete tank, residential pump package from Orenco and alarm panel, is city standards

STEP System New Install

Standard STEP system package is between 6K and 8K depending on contractors which looks like this:

\$4K for tanks and pump package

Another \$3K for contractor to dig plus electrical work

Plus the above connection fees
